

# TAMURA GROUP ENVIRONMENTAL POLICY

## Environmental Concept

The Tamura Group promotes the conservation of a **biologically diverse** global environment and conducts all of its business activities in harmony with the environment. These activities are based on the Group Mission Statement: "The Tamura Group offers an original range of products and services, highly regarded in the global electronics market, to satisfy the evolving needs of customers, employees and shareholders supporting the Group's growth."

## Main Measures

The main focus of the Tamura Group's business is the design, development, production and servicing of electronics components, electro-chemical materials, soldering equipment and information equipment. Our environmental management system ensures the efficient use of resources, pollution prevention and compliance with regulations. We are also committed to continuously improving the management system and focus on the following activities for environmental protection:

1. The supply of eco-friendly products.
2. Control and reduction of environmental burden materials.
3. Promotion of energy conservation and saving resources.
